

Knox Pick-Me-Up

FOR PARTICIPATING BARS

Welcome aboard. Here's the whole job.

Knox Pick-Me-Up gives a patron who lines up a safe ride home a card for a free coffee — and a free KAT ride — the next morning. As a bar, your part is small:

WHAT YOU'RE AGREEING TO

- Hand a card to a patron who shows you a booked ride home (rideshare booked, or an active KAT ticket).
- One card per booked ride, while your pack lasts. The card is the thank-you — no cost to you.
- Keep the cards behind the bar; they're serialized and dated by hand, so treat them like the vouchers they are.

HANDING OUT A CARD

- 1** Confirm the ride: a booked rideshare on their phone, or an activated KAT ticket.
- 2** Write today's date in the DATE ISSUED box — that starts the one-day clock.
- 3** Hand it over. That's it — the patron scans and redeems it themselves tomorrow.

YOUR PACK

Cards come in packs of 50. When a pack is dropped off, someone scans its cover-sheet QR and assigns the pack to your bar — that's how the program counts your contribution, with no other paperwork. Running low? Ask for the next pack.
