

Knox Pick-Me-Up

BARISTA QUICK REFERENCE

Scan a card. The screen tells you what to do.

Open the scanner from your register QR, point the phone camera at the QR on the card (or type the serial below it). Watch the colored banner:

Good to go — coffee's on us

HAND OVER THE COFFEE

The card is valid and first-used here. Hand over the large coffee.

No signal — saved on this phone

HAND OVER THE COFFEE

You're offline. The scan is saved and sends itself when signal returns. Still hand over the coffee.

Already scanned on this phone

NO COFFEE

This exact card was already logged on this phone. One coffee per card — no coffee.

Card already redeemed

NO COFFEE

The card was already used (here or at another shop). No coffee.

Card not valid

NO COFFEE

The card's pack was voided (lost or withdrawn). Don't accept it — no coffee.

Serial doesn't check out

NO COFFEE

Mistyped, or not a real Knox Pick-Me-Up card. No coffee.

IF THE CODE WON'T SCAN

Type the serial (KPMU-2026-...) into the "Manual entry" box and tap Log it. Dim room? Tap the  flashlight button on the camera view.

NO INTERNET?

Keep scanning — every scan is saved on the phone and sends itself the moment signal returns. The note under the banner shows how many are waiting.

One coffee per card. When in doubt, the banner color is the answer: green/amber = yes, red = no.
